VI. Agriculture

1. Sovkhoz

5 sovkhozes in all, with milk and hogs as the main production. A total of 9,000 hogs; the largest milk producing sovkhoz has 600 cows. One of the sovkhozes over-fulfills its yearly plan. Two sovkhozes were started in 1956; one fulfilled its plan and the other did not. The other two are medium good sovkhozes which sometimes fulfill their plans and sometimes don't.

2. Kolkhozes

There are 29 kolkhozes in all, of which 9 fulfill their plans. There are an average of 60 to 70 workers on each kolkhoz, most of them married and with families. There is a large number of aged people who do not work on the kolkhozes. The principal products for all the kolkhozes is milk and hogs. The best kolkhoz in the rayon (Rahva Voit near Laikvere) is the smallest one. It has 700 hectares of land, about 200 cows, about 400 hogs, and 60 workers, in all about 70 families. The wages per workday (trudoden') are 4 to 5 rubles, 4 kg. grain, and about 1 kg. potatoes. The poorest kolkhoz in the rayon (Bolshevik, about 12 km. northeast of Vaeke-Maarja) is the largest one. It has about 3,000 hectares of land, about 200 cows and 500 to 600 hogs. It has about 50 to 60 workers and about 180 aged people. Wages per workday are 0.80 rubles and 700 to 800 grams of grain.

[REDACTED]

By way of comparison it can be mentioned that the kolkhoz which is held forth in the Estonian press as the best in the ESSR pays, per workday, more than 10 rubles in money, 4 to 5 kg. of grain, 1 to 1.5 kg. potatoes, and vegetables and hay. This kolkhoz is named Uus Klu and is in Rapla rayon.

3. MTS's

The rayon has two MTS's Vao MTS which serves about 16 of the kolkhozes, and Paasvere MTS which is somewhat smaller and serves the rest of the 20 kolkhozes. Vao MTS has about 20 tractors, about 15 combines, 5 or 6 threshing machines, and plows, harrows, and other equipment. The MTS's have worked well since 1953 when they became adequately supplied with machinery and maintenance and repair service.
